

UNSPSC is a subscriber funded and supported initiative. The UNSPSC Codeset is also available without a subscription. Non-subscribers can access a free PDF file, which contains the current version of the Codeset, and conduct basic search functions on the UNSPSC site. Non-subscribers can also purchase an individual version of the Codeset in Excel format.

Please note that non-subscribers cannot browse previous versions of the code, submit Codeset change requests, or gain access to advanced online Codeset search features.
